

# LOT 15 PARACHUTE

## DISCLOSURE

In December 2020, with her previous owner, Parachute underwent surgery  
- Right Hock - Digital Intermediate Ridge OCD Removal at the Texas  
Equine hospital.

There were no signs of this in the x-rays which were taken in December  
2022. Since her operation, she has not shown any signs of being unsound,  
even when being ranched on this fall.
