RE: BY AND BY

To Whom It May Concern:

BY AND BY, which is consigned to the 88 Ranch Online Remuda Sale, was examined by Dr. Candice Carden in December 2023/January 2024. Blood was drawn for a Coggins test, teeth were floated, and wolf teeth and caps extracted if present. Baseline radiographs, including views of stifles, hocks, and front feet were also taken.

A physical exam was performed; the horse had a normal temperature, no ocular abnormalities noted, and heart/lung auscultation was within normal limits. No lameness was evident at a walk on the day of exam.

Please feel free to contact us if need any other information!

Sincerely,

Powder River Vet Hospital
