9. Rebreds: It is agreed that should the mare abort or prove barren, the mare owner has the privilege to request additional shipments of semen during the current breeding season March 15th through July 15th of the current year. If rebreeding the following year, the mare owner may be responsible for increases in collection and shipping of semen as well as any increases in the breeding fee.

10. A breeders / stallion service certificate will be issued to the mare owner only after all expenses have been paid in full and upon notification of a live foal.
